

Revenue grew 1.9%, but existing customers spent 7.7% less

Net product revenue £9.16M to £9.33M. New customers and sales without a customer ID covered the gap.

-7.7%

Customers who stayed spent less

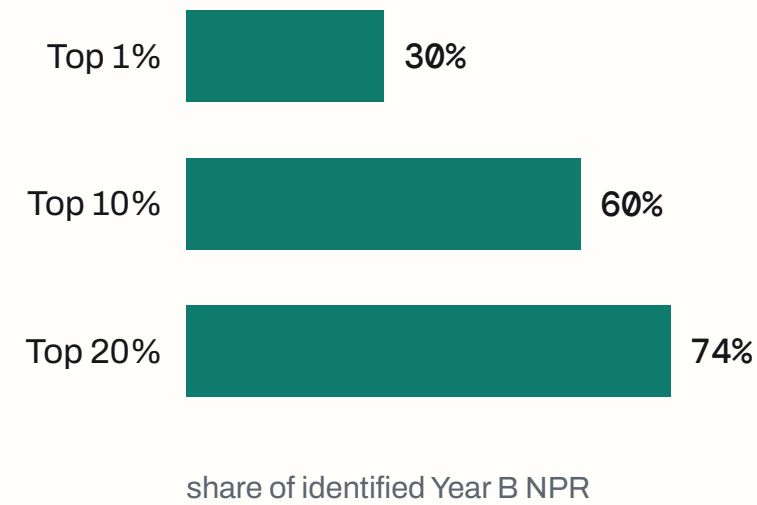

2,708 customers bought in both years and spent £548k less. £1.40M from new customers offset the £1.02M lost with customers who did not return.

30%

The top 1% of customers bring 30% of revenue

43 of 4,321 identified customers; the top 10 alone are 17% of identified Year B NPR. 38.8% of new customers place a second order within 90 days.

2.6% → 3.1%

Cancellations rose, driven by a few very large lines

Cancelled value as a share of sales. Without the 10 largest single lines it moves 2.5% to 2.1%. 93% of cancelled value traces to an earlier order.
